Personalized Achievement Summary System (PASS)	https://hewittlearning.org/pass/	<p>The P.A.S.S. (Personalized Achievement Summary System) Test is a standardized test that has been administrated over 350,000 times. Its popularity among homeschooling families is due primarily to two characteristics. 1) It is a non-timed test. This reduces or eliminates the test anxiety often arising around standardized testing. 2) Because not all students are at the same level in any particular grade, it incorporates a pretest to determine the most appropriate level test to administer in each of the three subjects (Reading, Math, and Language). When tests are scored, the student's responses to the specific level tests they took are then used to generate a report, which includes a comparison of the student to others in their same grade, as well as some specific recommendations.</p>	Homeschool Parent	Hewitt Learning	\$35.00 to \$38.00

Peabody Individual Achievement Test (PIAT-R NU)	https://achievement-test.com/testing-options/peabody	The Peabody is a standardized, nationally norm-referenced achievement test. The Normative Update was published in 1998, based on 1997 results. It is individually administered by a trained examiner, with assessment completed in the following content areas: General Information, Reading Recognition, Reading Comprehension, Mathematics, and Spelling (see below). The subtests and composite scores are calculated immediately with derived scores indicating grade level equivalents and percentile ranking. The test is oral in format and almost conversational in tone. I strive to keep the test experience casual and non-intimidating for your child. It takes 60-90 minutes to administer the test, but the exam is not timed. The Peabody can be administered year round and will assess K-12 grade levels.
